

## Galbally Litter Evaluation and Monitoring Plan

### Galbally Litter Evaluation and Monitoring Plan

#### Litter Definition

*Litter is defined as any discarded, used or unconsumed substance which has been disposed of improperly; including any rubbish, refuse, debris, newspaper, glass, metal, timber, plastic or paper containers or other packaging material.*

#### 1. Sites to be Surveyed

A number of sample sites have been agreed which will represent the litter levels in the Galbally area. The following sites have been identified in Galbally viz.

Site No.	Site Name
1	Recycling Centre – Coursing Club Hall
2	Litter Bins
3	Tipperary Approach Road
4	Lisvernane Approach Road
5	Mitchelstown Approach Road
6	Village Square
7	Old Street
8	Graveyard & Environs
9	Village Park

#### 2. Grades / Ratings

The following grades with associated points are to be applied viz.

Grade	Description	Points
A	Litter Free	0
B	Slightly Littered	1
C	Moderately Littered	2
D	Heavily Littered	3

#### 3. Methodology

The sites identified are to be surveyed on at least a once weekly basis and the results of the survey captured in the following spreadsheet format.

Galbally Litter Survey	Week No	Site Location	Grade	Points	Description

The results of the surveys are to be reviewed each week with the Tidy Towns Committee members and input sought to any action plan to remedy problem areas.
